

## SOFT LINE REVOLUTIONISES DESIGN

Soft Line is the Faber range of hoods made with FENIX®, a high-tech material with unique characteristics. The matte, smudge-proof surface is soft to the touch and reflects very little light. It is non-porous to facilitate daily maintenance and cleaning.

FENIX® is a material with high resistance to scratches, abrasions, dry heat and acids. Its properties make it perfect for kitchens. Another characteristic is that it can self-heal surface micro-scratches.
