

## Turbo® 150 wall conduct incl. THERMOBOX (4043071, 4043072)

### Description:

Wall conduct with telescopic tube, incl. built-in heat retention system THERMOBOX and stainless steel external blind Turbo® for near-floor-level and conventional installation.

### Advantages:

- The widened internal geometry results in low-loss outflow
- Linear air guidance at the outlet enables efficient installation close to the floor
- Available with Compair Flow 150 flat duct and round duct connection
- Premium manufactured, corrosion-resistant stainless steel
- Unique look due to special surface finish
- Fixed sealing lip on the connector of the blind enables adhesive-free installation
- See also: Thermobox 150 (4043064)

### Pressure loss:
