A VERTICAL HOOD WITH THE LATEST NAUTILUS TECHNOLOGY.

Glamour by name and nature, the Glam-Fit hood is defined by a minimal, contemporary style that shows elegance in every detail.

Its clean, essential lines, complemented by a glass surface and an elegant clear surround, add refinement to any kitchen and conceal Faber's exclusive Nautilus technology.

The first ever completely flat, vertical glass hood, Glam-Fit also features an ultra-thin body of only 15 cm. Impressive performance and miserly consumption place it in energy efficiency class A. Glam-Fit comes in two finishes, black and white, both equally striking and typically Faber. Glam-Fit is also available in a "small" 55 cm version.

To be installed at a minimum distance from the hob of 50 cm.
