Width 800 mm		
Energy class A		

The true essence of black. Enjoy the fullness of minimalism thanks to the hidden touch controls on the glass and a glossy, extremely elegant and seamless surface. But Pure Black isn't just exquisitely refined: the body angle allows enhanced cooking fume extraction, simpler cleaning and maintenance and more light. What's more, it tells you when the grease filter needs cleaning and the odour filter needs replacing through the filter maintenance light. Pure elegance.
